Skills Summary

- **Programming Languages:** Python**, JavaScript**
- **Frontend:** **ReactJS,** HTML, CSS, Javascript.
- **Backend:** **NodeJS, ExpressJS,** Django**.**
- **Databases:** **MySQL**, SQL**, MongoDB**
- **Other Skills:** **API**, PL/SQL**, Linux, Unix,** Basic knowledge of Shell scripts

Experience

ReactJS Developer at Marworx Technologies Pvt Ltd

Oct 2023 - Present

- Built new features and enhancements in React.js, collaborating closely with design teams.
- Designed and implemented secure RESTful APIs using Node.js and Express.js.
- Managed MySQL databases for efficient application performance.
- Successfully deployed applications to VPS environments.
- Optimized application performance through code refactoring and profiling. Maintained thorough documentation for clarity and knowledge transfer.

Projects

CRM System (06/2024 - 08/2024)

- Developed a comprehensive CRM system using React, Node.js, Express, and MySQL.
- Responsibilities included designing and implementing the database architecture and backend APIs, developing modules for customer and lead management (quotations, invoices, jobs, and employee management), and adding advanced features such as job status tracking, job assignee management, and data backup solutions.
- Integrated web push notifications, email notifications, and WhatsApp integration to enhance user engagement.
- Improved the user experience with Progressive Web App (PWA) features, resulting in streamlined processes, increased operational efficiency, and enhanced data security.

Chat App (07/2021 - 08/2021)

- Developed the Chat App using Node.js for the backend and Socket.io for real-time communication, ensuring seamless one-to-one interactions.
- Emphasized optimizing one-to-one communication, prioritizing responsiveness and user engagement in the initial development phase.
- Leveraged Node.js as the backend framework, harnessing its scalability and efficiency to handle data processing and management effectively.
- Implemented Socket.io to enable instant bidirectional communication, guaranteeing swift message delivery and enhancing user experience.
- Currently dedicated to refining the one-to-one communication feature, meticulously addressing details to ensure a high level of user satisfaction and functionality.

Education

Anantrao Pawar College of Engineering and Research, Pune   **(08/2019 - 07/2023)**
B.Tech/B.E - Computer Engineering - SPPU (8.81 CGPA)

P.V.G's Muktangan Jr. College, Pune   **(06/2018 - 05/2019)**
Higher Secondary Certificate - HSC - (60%)

S.D. Katariya High School, Pune   **(06/2016 - 04/2017)**
Secondary School Certificate - SSC- (75%)
